ABOUT ME

I've been climbing for over 10 years and worked in the industry for 5, I currently coach the Depot Academy and have recently joined the route setting team.

I'm happiest when I'm bouldering outside surrounded by nature. I love grit and finding my own ways to move around on rock.

WHAT CAN I DO FOR YOU?

I specialise in climbing movement to help refine your climbing style.

With newer climbers I will show you the fundamentals of movement and the benefits of movement styles.

My coaching is focused on building upon what you already have, whilst showing you new ways to improve your climbing.
